PROFESSIONAL EXPERIENCE

Research Assistant, Dr. Bradley Fidler September 2018-May 2019
Stevens Institute of Technology Hoboken NJ

- Researched and reviewed thousands of documents pertaining to subject matter of professor's upcoming book to be released on MIT Press.
- Worked with professor to evaluate new findings and relevance as additions to book.

Web Developer Intern Summer 2017
Prophet Brand Strategy New York NY

- Implemented a completely new design and layout for the entire firm's website.
- Collaborated with designers and developers around the world to ensure effective implementation of code and design.
- Worked efficiently on self-directed projects and also collaboratively as part of a larger design team.

Web Developer Intern Summer 2016
Prophet Brand Strategy New York NY

- Independently designed and built a dynamic online web application using Wordpress.
- Enhanced the firm's marketing and sales through development of a tool to rapidly generate "microsites."
- Increased staff productivity by converting a full-day, IT-led process to a self-service one that could be completed within ten minutes by users.

Technology Intern Summer 2014
Voorhees High School Technology Office Glen Gardener NJ

- Implemented a new school-wide network of approximately 800 student Chromebooks.
- Upgraded software on entire existing school computer network.

SKILLS

- HTML, CSS/Sass, PHP, SQL, Javascript, jQuery, Wordpress, MS Office, Unity, SteamVR
